

Exhibiting & Presenting at Watec 2009

WATEC, November 2009 - Israel's largest water and environmental event - was attended by 19,000 exhibitors and more than 100 international delegations, which included State Governors, Water and Environmental Ministers , CEO's of water utilities, Business people active in the water arena and many more. Mr. Booky Oren, Miya's Executive Chairman served also as the Chairman of WATEC, and Miya played an active role in both the conference and exhibition. Mr. Roland Liemberger, our Regional Director in Asia and Mr. Rogelio Singson, the CEO of Maynilad, provided an insight on NRW management issues and presented the Manila case study. Miya held also a pre-conference NRW seminar where it shared its vision, offering, and experience gained from NRW projects around the world
